Trustees' Report:

- The church roof has been repaired. However, we have water damage to the ceiling in the balcony area of the church. We are checking on repairs for that.
- Concrete work for the parsonage and the front steps of the church is yet to be scheduled. We will keep you informed.
- A new stool for the ladies' restroom will be installed soon.
- There has been a problem with erratic water usage for the church. Total usage has fluctuated by as much as 5000 gallons from month to month. We can find no issues or

leaks in the church or parsonage. Fayette Water has been contacted and will test the meter for issues. We will keep you informed on this matter as well.

- All buildings on the church property have been pressure washed and look great.

As you can see, we seem to have a lot of issues going on. We have been repairing things as-needed and as we can afford them. Some non-emergency projects have been waiting for lack of funds. Thank God, we have some good news on that front. A donor has given the church \$50,000 to be used to take care of some of our physical problems. The trustees and treasurer will allocate these funds to take care of these repairs for the church.

A standing vote of thanks was given to the anonymous donor following the meeting.

Sunday school:

It is that time of year again. Vacation Bible School (VBS) is scheduled for July 17th through the 21st. It is time for all of the people who make this happen to help us again – thank you all in advance for your service. As usual, we encourage everyone to bring their children and grandchildren to Sunday school and VBS.

Bible class is meeting regularly. Please come join us.

A motion was made to adjourn the meeting, seconded, and approved. The meeting was closed with the Lord's Prayer and a standing vote of thank you to the donor of the funds for restoration of the church facilities.
